Hannah Marie Arnold

has successfully completed the online Specialization

Learn PLC and HMI from Scratch (Basic)

Congratulations on completing "Learn PLC and HMI from Scratch"! This specialization has equipped you with in-depth knowledge of Siemens PLC and HMI systems, from basic hardware and wiring to advanced programming techniques using Siemens TIA Portal. You have gained hands-on experience with both PLC and HMI programming, including timer, counter, and bit logic operations. By completing this specialization, you now have the skills to design, simulate, and troubleshoot real-world automation systems. Your expertise in programming and system integration using Siemens technologies will provide you with valuable skills in the industrial automation field.
